“ When I had heard that my wonderful grandfather had been in ill health I knew that the day was approaching. One day all of us will return to our Father and it's hard to give our loved ones up but it's a sacrifice all of us must make. In this case, I knew that my grandfather always belonged with our Father and all the other angels who have made a huge impact in our lives and I am at peace knowing he will always be watching over us from above. I pray that his beautiful wife and my grandmother will not see this as hole in her life, but another step she must take to fully love him, herself, and all means of life. While I may not have known him as much as some other people, I will know without a doubt that he was a wonderful man and that he shall suffer no longer.
