“ I met David my first year at TTU and we dated for quite a while. I was saddened to learn of his passing via his Facebook page. He was so wonderful to me and being new in Cookeville it was nice to meet and hang out with him. We went hiking a lot and made quite a few road trips to Jamestown where I was from and to Center Hill Lake. He was a really nice guy! I hadn't seen David in probably 35 years. I'm so very sorry for your loss.

“ David and I graduated high school together in 1981, laughed a lot over the years, and would run into each other from time to time. It was like we would just pick up from where we left off. We would laugh some more and he would always say "see you soon". I will miss him.
