“ *When I worked with Donna at Waffle House she was always saying that it was her birthday because she wanted cake. So we decided to get her a "Sponge' cake. I glued a big auto sponge into a pan and frosted it too. It looked and smelled real but y'all should have seen her try to cut it. Lol good times! She will be missed for sure*

“ *I'm going to miss you little blister!!!! You're like a ray of sunshine, always laughing and joking. One day soon we'll all be together once again playing games and running in the yard like we used to. Until then, rest peacefully in the arms of Jesus. I love you*

“ *My sister is an Angel now and I will always remember how she would tease me about not being able to make pie dough how we always dressed as twins because we are only 13 months apart and in the same grade in school. I will always love and miss her.*
