“ John was a very good man, and I sincerely hope that he got to die in peace. He was a very courageous and sincere man with no surviving family members or heirs but I hope his legacy lives on through others. May he rest in eternal peace. I hope to lay him at rest at a peaceful place rather than a mass grave thorough the state of Tennessee since I'm not a first of kin or family member, but John was loved and cared about. I pray to God that he has peace in his death

DC

Olivia, John does and did have family. Two half brothers and a sister. His biological mother passed a few years ago but he did contact her and the brothers met and spent some time with him. He came for her funeral and stayed with his brother Tom while here . Then we lost contact . This may not be the best way to say this but Would have no idea who to contact.
