“Margret was one of my favorite people growing up on Carmack. She always beat me at Basketball but, I could hold my own with her at the pool table in your basement. When we had to leave Carmack Ave in 77, she came up to say good bye. I always saw her in school and in the cpl of classes we had together. She always seemed to go out of her way to see how things were and bring a smile to my face during the rough years. I lost track of her when she graduated and then I moved on to University and living life. When I moved back home in '12 I would run into her occasionally and it was like we had never lost touch. I will miss her greatly but I know she is with your parents and grandparents in peace. Prayers for you and Sherry and the rest of the family in these trying times. Baxter Key

“A great friend and classmate. She was my 8th grade homecoming escort in football. Because of our last name initials we always set close to each other in school. I saw her not very long ago at the grocery store and we gave each other a hug. She'll be missed. Love ya Margaret

Marc, I am so very sorry that I won't be able to attend the funeral. I have to be in Knoxville today. (Jan 8th) I loved Margaret dearly and will always remember our childhood friendship that lasted throughout adulthood. My heart just breaks. Her battles and struggles are over and she is resting in the arms of Jesus now. Marc, I pray you find peace and comfort, you were an awesome brother to her!

“ I can't share a memory because I have 100's of them. Margaret and I spent countless hours together riding bikes, swimming and playing basketball when we were growing up. I was told to get a job the summer of my junior year in high school and somehow Margaret talked her mother into paying me to babysit her even though she was a freshman. My mom said we were going to break her because we were spending more on gas than I was making. It was the best summer of my life. Margaret and I laughed about it for decades. I could confide anything to her and know it would never be repeated. She was truly a great friend to me always. Marc, she looked up to you and was so proud you were her brother. Jana, you were her pride and joy and she loved you so very much. Margaret, thanks for being my friend. I love you, Frankie Phillips

“ I got to know Margaret in 1973 when we moved on Carmack Ave.in our new house we built down the street from the Tuley's. I am not sure but I think I might have been the first to cut her hair. She came to my house sometimes and one day ask me if I would cut her hair which was a ways down her back. I ask " did your mom say you could get it cut". She said mom wanted it cut. She wanted a lot cut off, which worried me she might regret later. But she went home with shorter hair and a ponytail in her hand. She was a very sweet, polite child and stayed that way through out her life. She will be sadly missed by friend and family. Love to Marc and the family. Wanda Stallings
