“ We all lived in Roswell, Uncle Bill, Uncle Jack and my Dad were all over seas. Darlene lived out by the Base in her Trailer she hated to be alone especially at night. I would stay with her but was missing school. My mom got a call so Aunt Darlene said she would bring me in we could have lunch in the park and I could walk across the street to school. I kept telling Momma my throat was very sore, she said to bad your going to school. I told the teacher my throat hurt she sent me to the Nurses Office. The Nurse called Momma asking how she could send me to school with the Mumps. Now that's funny

“ We lived in Roswell Uncle Bill, Uncle Carey and my Dad were all overseas. Aunt Darlene lived in her Trailer out near the Base she hated to be alone but most of all at night. I would stay out there with her sometimes missing school. One day the school called my mom saying I wasn't in class again so Aunt Darlene told my mom to meet us in the park near the school we had hotdogs for lunch and I kept telling my mom my throat really hurt she said to bad I was going so she sent me on my way. In class I told the teacher my throat hurt she sent me to the Nurse who called my Mom asking why she sent me to school with the mumps and told her to come pick me up. Bot was my Mom mad at me and Aunt Darlene, later it was just funny.

“ Aunt Darlene was the most loving funny strong woman I knew. She would do anything to help an other in need but never ask for help her self. I have a life time of memories shared with her how do you pick just one? The young yrs in Roswell while Uncle Bill and Uncle Carey and my Dad were all overseas. The years where we just visited a few times but she always welcomed us back as if she saw us yesterday. All the fun and hard work she put into making sure every family reunion was fun for all who showed up. Her trip with Aunt Mary Bell to my first wedding in CA and the next day we went to Disneyland. My daughter's trip to TN with my mom. Shannon was having a hard time of it she talked to her but more important she listened to her and that was all Shannon needed to make a change in her life and we owe Aunt Darlene for that. All the phone calls over the years just to say she was thinking of us and loved us. Her calling me often since the passing of my mom meant the world to me. Who will call me now that she's gone to help my heart heal from this? Aunt Darlene you were One in a Million and you were my Aunt. I Love you will miss you but most of all I will remember your love for me. RIP til we meet again. PS Tell momma and Paula hi.
