“ *I met Randy in person 10 years ago at the Huffine's Family Reunion. It was Randy that led me through the genealogical links and showed me where my family fit in with my Tennessee cousins after our branch being gone from Tennessee for nearly 200 years. I spoke with him often about our families. After I left the reunion and drove home, I called my father and told him about our family. He was excited and told me the circle had been closed. Dad died one month later. Thank you Randy linking our families and making my dad's last days happier. I will miss you and our talks. RIP.*
