“ *Tommy grew up with my family and when he would return it always like an extended member of the family was there. While I was young, I can still remember his funny carefree antics and that laugh. Condolences and prayers for the family during this difficult time. Also sending a special prayer for him. He is a force that will be missed and that is dearly loved.*

“ *There are so many I could post of Tommy. I guess the best one is the day we were married. And how he stepped up and was a great step dad to my kid. He was a good man. For ever love you Tommy.*

“ I only ever met Crystals father a couple of times. Needless to say I could tell he was a handful. Crystal didn't want much for her dad, all she wanted was for him to love her. I hope he sees that now.
